

# Corporate and Community Champions of Health

## Friend \$100 - \$999

Corporate and Community Champions of Health are organizations that help us advance care in West Michigan. With annual gifts ranging from \$100 to \$10,000 and beyond, these companies, schools and community groups support Spectrum Health through sponsorships, events and donations. They are helping us deliver world-class care to our patients and families. Thank you corporate and community champions for your commitment to Spectrum Health.
