

# Art of Giving Society

Creating a legacy of hope and healing is truly the art of giving. Thank you to the following donors who have remembered Spectrum Health Foundation or Helen DeVos Children's Hospital Foundation in estate plans or will, or established a named endowed fund. Your giving provides a backbone of support for the care and healing our patients need. We extend our deepest thanks to you for including us in your charitable giving plans. If you have remembered us in your estate plan or are interested in learning more about doing so, contact Tara Werkhoven, gift planning director, at 616.391.2069 or tara.werkhoven@spectrumhealth.org.
